

LWA 14 – Western Illinois Works
INDIVIDUAL TRAINING ACCOUNT (ITA) POLICY

The Individual Training Account (ITA) is \$23,000.00 plus mileage reimbursement. The approved training cost is based on each individual training program but may not exceed \$23,000.00.

The Individual Training Account includes tuition, books, fees and supplies. The ITA may also include other items required for class participation.

All individuals must apply for financial aid unless the program does not qualify for financial assistance. Pell grants will be used to offset training costs unless extenuating circumstances warrant an exception.
